

Memorandum

To: Chief Academic Officers and Provosts

From: Dr. Paula Compton, Associate Vice Chancellor, Ohio Articulation and Transfer Network

Date: October 30, 2020

Subject: Action Requested: Endorsement Survey for TMM024 Life Science Calculus I and TMM025- Life Science Calculus II

Dear Provosts and Chief Academic Officers:

Please see the attached memo from Dr. Ricardo Moena, faculty lead for Subgroup 2/OTM Mathematics, Statistics, and Logic Panel, requesting endorsement of the proposed learning outcomes for **Life Science Calculus Calculus I (TMM024)** and Life **Life Science Calculus II (TMM025)** in the Ohio Transfer Module (OTM). Draft learning outcomes for TMM024 and TMM025 have been attached as reference.

Feedback will be accepted through Monday **Monday, November 30, 2020**. The attached PDF copy of the survey is for reference only. **We are collecting only one response per institution.** Please coordinate the effort within your institution to complete the survey and that the appropriate individuals on your campus are part of your institutional response.

We thank the faculty who worked on these courses.

Should you have any questions, please contact Jessi Spencer, Director of OATN Policy, Budget, and Constituent Relations, at 614-728-4706 or jspencer@highered.ohio.gov
